

The image shows a technical drawing of a lamp fixture, model KPX220, at a scale of 1:100. It consists of two views: a front view on the left and a side view on the right. The front view shows a circular lamp head with a central lens and a decorative ring, mounted on a vertical stem. A dimension line indicates a height of 161 units from the base to the top of the lamp head. The stem has a diameter of 22 units. The side view shows the lamp head mounted on a vertical stem, which is attached to a base. The base has a horizontal arm extending to the right.
